1	Windows 10 Google Chrome	Functional	Reset module	Tasks are reset after completing even when 'Auto Reset' button is disabled after clicking on 'Completed button on Mini Task cycle	https://somup.com/cTjnQ0N5rO		
2	Windows 10 Google Chrome	Functional	Reminders	Popup to ask permission for reminder is not shown when user enable reminders from settings page	https://somup.com/cTjnXcN5Zh		
3	Windows 11 Google Chrome	Functional	Import	I created a minicycle named "AAA," and later imported another one with the same name. Instead of asking before replacing, it automatically changed the existing "AAA" minicycle. It should ask for confirmation before making any changes.	https://drive.google.com/file/d/15aQJfZMGmfgh9ygAeOG5Q4DGer5sRG92/view?usp=drive_link		
4	Windows 10 Google Chrome	Functional	To-Do List	Error message is not shown and the task details are omitted when user add more than 50 characters in task name.	https://somup.com/cTjnjN5YG		
5	Windows 10 Google Chrome	Functional	To-Do List	User should not be allowed to move forward or there should be some error message if user skip the Priority task and move to next task	https://somup.com/cTjnQfN5re		
6	Windows 10 Google Chrome	UI / UX	To-Do List	Priority button looks more like a Warning sign for any task in mini cycle. Need to change the icon of it.	https://go.screenpal.com/watch/cTjnIlnIpOp		
7	Windows 10 Google Chrome	Functional	To-Do List	Numbering is not provided for each tasks resulting the user will not be aware if they want to convey others for issues in specific task	https://go.screenpal.com/watch/cTjnQnnIpOM		
8	Windows 10 Google Chrome	UI / UX	To-Do List	Process bar is visible even when there are not task added in the mini cycle . As there is no task then showing process bar looks odd.	https://go.screenpal.com/watch/cTjnjpnlpOh		
9	Windows 10 Google Chrome	UI / UX	To-Do List	Undo button is hardly visible after user do any changes in mini-task	https://go.screenpal.com/watch/cTjnIknIpOn		
10	Windows 10 Google Chrome	UI / UX	To-Do List	There is no highlight/option which indicating that the title of Mini-task is editable in Mini cycle page. Resulting user will not be accessing it to Edit.	https://go.screenpal.com/watch/cTjnIznIpTs		
11	Windows 10 Google Chrome	Functional	To-Do List	Set Date function are not shown when 'Auto reset' is enabled. For the task which can be auto reset we also need to set the dates	https://somup.com/cTjnQuN5ra		
12	Windows 10 Google Chrome	Functional	To-Do List	Task List is scrolled to the end of the page when user enable or disable 'Auto Reset' option from more menu for Any mini task cycle	https://somup.com/cTjnQUN5rA		
13	Windows 10 Google Chrome	Functional	To-Do List	User can add 6 characters in the year row when selecting deadline date for any task.	https://go.screenpal.com/watch/cTjnQxnIpt8		
14	Windows 10 Google Chrome	Functional	To-Do List	Clicking on date button doesnt open the date picker after selecting deadline date in any task. The whole button should be clickable and clicking on it should open the date picker	https://somup.com/cTjnQ4N5rE		
15	Windows 10 Google Chrome	Functional	To-Do List	Error message is not shown and user is able to Complete the task for the task in which date picker is enabled but details are not adde in date picker.	https://somup.com/cTjnQBn5rH		
16	Windows 10 Google Chrome	Functional	To-Do List	There is no way user will be able to understand that the old task is not deleted and it is under the 'Open' option from settings after user create a new Mini cycle NEed to make it easier to find the already created tasks in settings	https://somup.com/cTjnQEN5rR		
17	Windows 10 Google Chrome	Functional	To-Do List	Progress bar doesn't reset when user complete the task and then click on completed button at bottom when 'delete checked tasks after complete' is enabled	https://somup.com/cTjnQdN53e		
18	Windows 10 Google Chrome	UI / UX	To-Do List	Redo' button is hardly visible at the top of page when user undo any progress in mini task cycle	https://go.screenpal.com/watch/cTjnQ7nlpu8		
19	Windows 10 Google Chrome	Functional	To-Do List	'X' button on confirmation message is not required as the popup message is disappearing within 5 seconds when user does any changes in the task	https://somup.com/cTjn6mN50x		
20	Windows 10 Google Chrome	UI / UX	Home Page	Logo of task cycle blinks with green color when user completes any task	https://somup.com/cTjnXfn5Zb		
21	iPhone 14, Safari	UI / UX	To-Do List	Undo' and 'Redo' buttons are shown at top left of the page. They should be placed below hero image	https://drive.google.com/file/d/1vU8monWAY3TF-aqqKqpl3zPF5cRXsmp/view?usp=drive_link		
22	iPhone 14, Safari	Functional	To-Do List	Photo Library', and 'take photo video' options are shown insted of just choose file when user try to import mini cycle fomr settings	https://drive.google.com/file/d/1MTwQsSPfsZpdYvHscVj59GF9_X089raM/view?usp=drive_link		
23	iPhone 14, Safari	UI / UX	To-Do List	Size of Task cycle header is small compared to the 'enter the task' text box in Home page	https://drive.google.com/file/d/1iv7riayn071867jgRHPjG8Lk484V3sC/view?usp=drive_link		
24	iPhone 14, Safari	UI / UX	To-Do List	Dark and light theme button stays partial hidden behind Stats section	https://drive.google.com/file/d/1w_ej219UaX6y8pQewalMtz3wV-dpRJpz/view?usp=drive_link		
25	Windows 10 Google Chrome	UI / UX	To-Do List	Add some tasks to proceed' default text is not shown and empty tasks list is shown when there are no tasks in the list	https://go.screenpal.com/watch/cTjnXxnIpx7		
26	Chrome v138	UI-UX	Home Page	The skip button shows an icon that usually means "close," which can be confusing. People might expect it to exit or cancel something, rather than move forward or skip ahead.	https://drive.google.com/file/d/1s6dkiEngaFkU0Oj1hKrYsb-wWPxQM4T/view?usp=drive_link		
27	Chrome v138	Usability	Home Page	When someone selects all the options, the green progress bar should reach the end and fill the entire bar. This helps show that everything is complete and nothing is left to do.	https://drive.google.com/file/d/1BVnM-QsksCNW68ydlQwcdlw05B1vzb-PE/view?usp=drive_link		

Sr No.	Device/ Environment	Bug Type	Module	Description	Attachments	Dev Comment	QA comments
28	Chrome v138	Usability	Home Page	When we click the "Add" button without entering any information, a message should appear telling us that some details are missing. This helps make sure everything needed is filled in before moving forward.	https://drive.google.com/file/d/1o1n66FE1nxvqwkPKyQ9s5E1dd6EF5zwe/view?usp=drive_link		
29	Chrome v138	Usability	Status	When a task is finished, it should show up as "Completed" so it's clear that no more work is needed. This helps keep track of what has been done.	https://drive.google.com/file/d/1vVWdC9Ig10gNux_btYd7ZfL494p8o6US/view?usp=drive_link		
30	Chrome v138	UI-UX	Home Page	In dark mode, the logo text blends into the background and can't be seen clearly. It would be better if the text color changed to stay readable.	https://drive.google.com/file/d/1fVne0qnAmbwEm5loV_KebVvrvrn9noCox/view?usp=drive_link		
31	Chrome v138	UI-UX	About Us	In dark mode, the "About Us" text is hard to see because it doesn't stand out from the background. Adjusting the text color would make it easier to read.	https://drive.google.com/file/d/1ePmzJkyhl031BPkQh4o880yMVQyE0Ek5/view?usp=drive_link		
32	Chrome v138	Usability	Copyright	The website name shown in the logo and the one in the copyright section are different. They should match so it's clear they belong to the same site.	https://drive.google.com/file/d/1vyecp0iUD-Up2cORnIsnZg_hvwr3VGyH/view?usp=drive_link		
33	Chrome v138	Functional	Open minicycle	When we try to open the minicycle named "AAA," it unexpectedly shows the details for "d" instead. It should display the correct information for "AAA" instead.	https://drive.google.com/file/d/1AZcVeXZ5EEK0Ip-UlxxkToodNUG_m06H/view?usp=drive_link		
34	Chrome v138	UI-UX	Import	I imported a minicycle named "AAA," but after the import, it shows up as "d" instead. It should display the correct name, "AAA," as expected.	https://drive.google.com/file/d/14NteHJEaJ4Kplzn4XiNRWX2W6SWcAI_n/view?usp=drive_link		
35	Chrome v138	Functional	Settings	When I select the three-dot menu style for tasks in the settings, the options still appear just by hovering, without clicking the three dots. It should only show the options after clicking the three dots, as expected.	https://drive.google.com/file/d/13wLoAzl2rVDPxoftYlWweJB0dkhL-VVQ/view?usp=drive_link		
36	Chrome v138	UI-UX	Recurring Task	After deleting a recurring task, the popup stays open. It would be better if the popup closed automatically once the task is deleted.	https://drive.google.com/file/d/1vi-qGLEHq0SQByJ3V6jxkPrA0WbKf-_D/view?usp=drive_link		
37	Chrome v138	Usability	Clear Task	When we click on the "Clear Task" button, nothing happens. It should remove the tasks as expected when the button is used.	https://drive.google.com/file/d/16X3bPUSEnwQYoP3WJ9AJUNv62TXr-mGy/view?usp=drive_link		
38	Chrome v138	UI-UX	Reminder & Notifications	The space between the checkboxes is not consistent throughout the page. It would look cleaner and more organized if all checkboxes had the same spacing.	https://drive.google.com/file/d/1u1Vol20zmOX232fQg8ottWlcb6A5v1pd/view?usp=drive_link		
39	Chrome v138	Usability	Reminder & Notifications	It is currently possible to enter and add a negative value. The system should stop this and only allow positive values to be added.	https://drive.google.com/file/d/1aOaeFzQqYhZRWs8MMqtB_kirNkcVWC-L_/view?usp=drive_link		
40	Chrome v138	UI-UX	All Error message	The close button is not lined up properly with the rest of the design. Adjusting its position would make the layout look more neat and balanced.	https://drive.google.com/file/d/1ysW3wTFDv-X3U6lJUpkMWx2dgsTGXw/view?usp=drive_link		
41	Chrome v138	Functional	Feedback	Right now, users are able to submit feedback even with an invalid email address. The system should check the email format and only allow valid emails to be submitted.	https://drive.google.com/file/d/1sOk7gT3rWN792gneNLjNF5OXnAPEe81/view?usp=drive_link		
42	Chrome v138	UI-UX	Stats	The progress bar for completed cycles doesn't update after finishing a cycle. It should reflect the latest progress to show how much is done.	https://drive.google.com/file/d/1aYnAGD8MDVd9G0ZwYE9WnyOns34AQRk/view?usp=drive_link		
43	Chrome v138	UI-UX	Menu	The alignment and design elements on the page are not consistent. Improving their placement and appearance would make the interface look more organized and easy to follow.	https://drive.google.com/file/d/1fWX0-gslPT7F_-NSTFKfh9Jqpd_fsgWU/view?usp=drive_link		
44	Chrome v138	UI-UX	Reminder & Notifications	The boxes on the page are not aligned evenly, which makes the layout look a bit unorganized. Aligning them properly would create a cleaner and more visually balanced design.	https://drive.google.com/file/d/18OLLa1E9B-s4bscnK6opjhJ25f8rLnm/view?usp=drive_link		
45	Chrome v138	UI-UX	Home Page	The text appears quite small and is hard to read. Increasing the font size would make the content clearer and easier to understand.	https://drive.google.com/file/d/1EK0sbzRqFdJkKONjR4SS8Dfb5YqCTigt/view?usp=drive_link		
46	Chrome v138	UI-UX	Cookies	The privacy policy bar is not showing on the website. It should be visible to inform users about data and privacy practices.	https://drive.google.com/file/d/1HsB36VQN3USq7VTH7YrdkRDqQHs08UHT/view?usp=drive_link		
47	Chrome v138	Usability	Games	There is currently no option available to view the game history. Adding this feature would help users keep track of their past games.	https://drive.google.com/file/d/1Zi7HfeDyEnQDy9JjWzQzKaYyXwv_rDr_/view?usp=drive_link		
48	Chrome v138	Usability	Contact US	There is no visible option on the website to contact the team or support. Adding a "Contact Us" section would make it easier for users to reach out with questions or concerns.	https://drive.google.com/file/d/1O0mqm14F0tai-bnyxaqCH9yG0-U-I8-Z/view?usp=drive_link		
49	Oppo A3 Pro OS-14	UI-UX	Complete Task	The complete text overlaps with the copyright section, making it hard to read. Adjusting the layout would help keep both sections clear and easy to understand.	https://drive.google.com/file/d/1ebbsUs1OkBoJ2TAu1Nr1hxii6EpoWQwaI/view?usp=drive_link		
50	Oppo A3 Pro OS-14	UI-UX	Tasks	The three dots menu inside the boxes is not centered properly. It would look more balanced and visually clear if it were aligned in the middle of each box.	https://drive.google.com/file/d/1P7WEQraBfZ1J7rTaS_zlwW5ao-BWKFQ/view?usp=drive_link		
51	Oppo A3 Pro OS-14	UI-UX	Menu	When the menu is opened, it stays stuck to the left side of the screen. It would work better if it appeared in the correct position and could be easily closed or moved.	https://drive.google.com/file/d/1ICo5sEkMWTQI9Pp2LbVpQ_D6O-xMjc/view?usp=drive_link		
52	Oppo A3 Pro OS-14	UI-UX	Menu	The date is not properly aligned, which makes the layout look uneven. Adjusting its position would help improve the overall appearance and readability.	https://drive.google.com/file/d/1X2zbCBBmOUvCI1JafNL0QhFuJEPKkind/view?usp=drive_link		
53	Oppo A3 Pro OS-14	UI-UX	Tasks	The text that's meant to show up temporarily in a form field isn't appearing. This can make it unclear what information the user is supposed to enter.	https://drive.google.com/file/d/1JZ8o1nlMwfMod4vEzIYGschf2rCXRIXk/view?usp=drive_link		

Sr No.	Device/ Environment	Bug Type	Module	Description	Attachments	Dev Comment	QA comments
54	Oppo A3 Pro OS-14	UI-UX	Home Page	The space next to each box on the page isn't consistent. Some boxes have more room around them than others, which makes the layout look uneven. Keeping the spacing the same would help everything look more organized.	https://drive.google.com/file/d/1PVdLiVgLi18EtMhW0zI3rMdQDnfUn7Iqv/view?usp=drive_link
